

IVI News Update

IVI Webinars - March Dates Announced!

Thanks to all who attended our webinars this month. We are delighted with the interest shown by people in finding out more about IT-CMF, and we're encouraged by the positive feedback that we have received.

Here are our webinars in March:

Project, Programme and Portfolio Management

Tuesday 13th March 15:30-16:30 GMT

Thursday 15th March 10:00-11:00 GMT

Introduction to IT-CMF

Tuesday 27th March 15:30-16:30 GMT

Thursday 29th March 10:00-11:00 GMT

IVI Continues to Strengthen Relations with Japanese Partners

IVI has been collaborating with both industry and academic partners in Japan for over half a decade. In February, visits from representatives of Tokyo Institute of Technology (Tokyo Tech) and the Information Technology Promotion Agency (IPA) continued our long association.

Survey e-CF update: Your feedback is invaluable - get involved and have your say! - EN 16234-1

The European e-Competence Framework (e-CF) version 3.0 consists of 40 competence descriptions as applied in the Information and Communication Technology (ICT) Professional workplace, and it supports a growing user community across Europe and beyond.

To maintain and enhance overall relevance, quality and stakeholder input into the [European e-Competence Framework](#), the CEN Technical Committee (TC) 428 has commenced an e-CF update activity. Systematic gathering and consideration of ICT multi-stakeholder feedback on current e-CF usability and new emerging business trends are key components of this process. Your suggestions are highly welcome and you can communicate them by responding to this on-line [survey](#).

Thank you in advance for your valuable contribution. The survey will be closed on Monday, 2nd of April 2018 24:00h.

New: IT-CMF - A Management Guide

- Based on the IT Capability Maturity Framework™ (IT-CMF™) 2nd edition

This management guide offers an introduction to the IT Capability Maturity Framework™ (IT-CMF™), 2nd edition. The IT-CMF offers a comprehensive suite of tried and tested practices, organizational assessment approaches, and improvement roadmaps covering key IT capabilities needed to optimize value and innovation in the IT function and the wider organization. It enables organizations to devise more robust strategies, make better-informed decisions, and perform more effectively, efficiently, and consistently.

Acknowledgement of Contributors to IT-CMF - are you listed?

We recently published our global list of contributors to the development of IT-CMF at www.ivi.ie/contributors. While we have gone to great lengths to ensure this page is accurate as possible, we would be delighted if you would check and let IVI@nuim.ie know if you or a colleague's name should be included. Thank you.
