Save the Date! IVI Annual Members' Summit

This year's **[Members' Summit on Digital Innovation](#)** will be held in Maynooth University on **Wednesday 12th June 2019**.

On the edge of the fourth industrial revolution, find out how organisations are rising to the challenges and opportunities presented by Digital Innovation and how **IVI** and our research programme can contribute and support your organization in navigating these.

For more information on this event and to register click [here](#).

How IVI is supporting Digital Transformation

Last month we wrote about the **[challenge of Digital Transformation for organisations](#)** and this month we are delighted to report on the contribution available from our research to organisations taking on the challenge of digital transformation. Read more **[here](#)**

Just what is all the talk about TOM's..?

IVI is considering publishing a **series of short info-videos on key topics** of interest where our members may benefit from a boost of additional information.

To offer a sample, and get your feedback, please listen **[here](#)** to this contribution on **Target Operating Models**.

Who will help us with our Innovation and Digital transformation - that has the credentials?

IVI will be announcing a **Mini-MBA focused on the successful management of a complex Innovation and Digital journey**.

Leveraging top academics from Maynooth University and beyond, combining their knowledge with organisational front-line exposure. A combination of knowledge and guidance. This is part of **IVI's** programme

'Leading with Knowledge'.

Full announcement and details will be presented at our [IVI Annual Members' Summit](#) on June 12th 2019.

We will have the first intake to this course in September 2019.

IT-CMF Assessor Training Course, Maynooth University 21-22 May 2019

Purpose of the course:

This course is designed to enable you to conduct IT Effectiveness Assessments (EAs) independently. The programme is a path to competency for consultants and end-users (including Capability Improvement teams) to developing the knowledge and skills required to manage this [IT-CMF](#) Assessment type. You will be qualified to independently manage an IT Effectiveness Assessment for your clients or in your organization.

Course Format:

Duration: 2-day Classroom & 8 hours online
Cost: €1,500 per participant.

Please see our [brochure](#) for further information.

To ensure your place please email info@ivi.nuim.ie

IVI Hosts First Disruption + Digital Transformation Workshop for Ireland's Health Service Executive

On 25th-26th April 2019, [IVI](#) hosted the first Disruption + Digital Transformation Workshop for nearly 20 participants from the Health Service Executive. The HSE provides public health and social care services to everyone living in Ireland. The workshop explored key concepts to help participants begin their [digital transformation journey](#). As part of the workshop, we identified HSE-specific digital transformation challenges and priorities. This was an intensive, fast-paced, pragmatic 2-day programme comprising directed learning, industry case studies, and hands-on activities. Using [IVI's Assess-Design-Improve-Confirm](#) workshop model, the focus was very much on immediate benefit and practical application.

As part of the workshop, participants took [IVI's](#) Digital Readiness Assessment: the assessment report highlighted HSE's priority digital transformation challenges.

The programme comprises four modules:

1. Digital Disruption & Leading Change
2. Digital Readiness (including assessment)
3. Digital Strategy (including eHealth Strategy)
4. Digital Transformation (including digital change management - Define | Design | Deliver)

IVI looks forward to continuing to work with the HSE and to providing insights into what needs to be done to enable the HSE achieve their digital ambition.

Acknowledgement of Contributors to IT-CMF - are you listed?

Our global list of contributors to the development of IT-CMFs can be found at www.ivi.ie/contributors. While we have gone to great lengths to ensure this page is accurate as possible, we would be delighted if you would check and let IVI@nuim.ie know if you or a colleague's name should be included. Thank you.
