Annual IVI Summit 2021

This summit will bring together academic researchers and industry leaders across various sectors, strengthening the connection between industry and digital transformation researchers. With two keynote addresses and parallel panel discussions, this summit will discuss some of the key questions challenging digital transformation researchers and industry leaders today.

Registration is now open and is free for IVI Members.

Jose-Norberto Mazón

As part of our collaboration with the world-leading SFI Research Centre for AI-Driven Digital Content Technology we were delighted to have Dr. Jose-Norberto Mazón from the University of Alicante (Spain) hosted at IVI. Dr. Mazón contributed with his research to the Transparent Digital Governance Strand within the Adapt research center with his research on mechanisms to raise awareness of the impact of open data from publication to re-use.
