IVI Summit 2024- 10th-12th June

IVI Summit 2024 Digital- Unleashing the Power of Data and Services 10th -12th June 2024, Maynooth University.

The theme of this year's Summit is **Digital-
Unleashing the Power of Data and Services.**

Ensuring how this happens will bring both challenges and opportunities to Industry leaders and academic researchers across various sectors.

On day one of the Summit, we will have a social event in Dublin.

On day two of the Summit, we will be facilitating Innovation Workshops to provide an international overview and discussion of digital transformation and strategic directions in specific areas to explore the digital capabilities needed for successful transformation.

On day three, IVI Summit main day, we will hear from experienced industry leaders, policy makers and academic speakers, with keynote addresses and parallel breakout discussions, this summit will discuss some of the key questions challenging them.

Speakers will be announced shortly on our [website](#).

IVI present at SFI Summit 2023

Marco Alfano presented with Prof. Markus Helfert his research on responsible for person empowerment on health and wellbeing at

the SFI Summit 2023 in Cork.

The project is funded by SFI through Lero and its objective is to empower people to better understand their health status, make informed decisions, and actively manage health and wellbeing in daily life (<http://cohealth.ivi.ie/chape/>)

Well-being Framework Seminar

Marco Alfano participated in the seminar 'Reflections on Ireland's Well-being Framework', organized by the Taoiseach. It was an opportunity for stakeholders (including IVI) to discuss the Irish Framework, its evolution and future development, and its uses in policymaking. The Framework is strongly related to IVI's research on the use of digital technologies for person-integrated health and wellbeing.
